

Greetings everyone,

Happy sabbath....

Here is my essay on Barack Obama. I have had to force myself to cut off working on it, as it seems like that every day that goes by I feel like I have to keep adding to it. It will probably be a work in progress for quite a while, but this is what I have to date. I also want to bring your attention to Alex Jones' new documentary:

"The Obama Deception" : <http://video.google.com/videoplay?docid=7886780711843120756&ei=DVG5SZUao9aoA8Htxb0B&q=obama+deception&hl=en&dur=3>

The documentary is excellent, and fits very nicely with the essay. This is a complete coincidence, as I was already working on this essay PRIOR to learning of Alex's new film, and had the paper finished basically before I watched the movie. I literally could not stop watching the documentary once I started.

Attached is the Obama essay, ***Apocalypse Soon***

Keep the faith,

Todd
