True Bread

Todd Kallenbach

On September 11 2001, this nation experienced a terrorist attack on its soil. Four airliners were used in a co-ordinated attack on New York City, the Pentagon, and one airliner crashed into the ground in Shanksville, PA. The official explanation of this event was that a well-known terrorist organization, Al-Queda, led by Osama bin Laden was responsible for the deaths of over 3,000 innocent Americans and the destruction of millions of dollars worth of property.

The official story from the Federal Government of the United States of America is a lie.

September 11 2001 was a false-flag operation carried out by sinister forces within this, and other national governments, to enable these nations to expedite military operations around the world and specifically in Euro-Asia to have direct access to, and control of, the world's oil supplies. Elements of the New World Order seeking total world domination and control are responsible for the events of 9-11. These sinister forces seek nothing less than total World domination and control – the enslavement of humanity.

On September 11, 2001 this author was sound asleep in a hotel room in Springfield, Missouri. I had just gotten in the previous evening, late, after a long day at work. I had started a four-day trip that Monday, flying for an airline based out of Washington-Dulles Airport near DC. I was a First Officer flying Regional Jets for Atlantic Coast Airlines, an express carrier for United Airlines. Usually, the first day of a multi-day trip is the most grueling, as it involves a drive to the airport, and is typically the longest day of the week. I was exhausted when we finally arrived in Springfield. When the phone rang at around 9AM, I initially suspected a prank, which is a common practical joke in the airlines. As I answered, I remember distinctly my flying partner asking me “what are you doing...???” I answered rather abruptly that “I am sleeping, Milo... what do you want..???” He said turn on

the television, and I actually said NO, I'm going back to sleep. By the second time he told me to get up and turn on the TV, I knew something was seriously wrong. He briefly mentioned something about the WTC in New York and airplanes, but I was not prepared for what I would see after getting the television to come on. My life has never been the same since, obviously. No one's life has been the same since that early September morning.

My mind raced back to that area, and our normal routes in and out of the NYC airspace, and all of the airports we were intimately familiar with as pilots flying up and down the East Coast. In a case of bizarre irony, I thought back to when we'd be gliding up the Hudson River at 4,000 feet as we approached the Statute, and I would look down on top of the WTC buildings and think quietly to myself "no one will EVER knock those TALL buildings down." A few minutes after turning on the news I would watch as BOTH of the twin towers would collapse live on cable broadcasts. I had been all over Manhattan and up in one of the WTC buildings, as well as the Empire State Building. Now, three NYC skyscrapers lay in ruins.

I vividly remember my very next thought: CALL HOME. No matter where you are or who you fly for, if there is an aviation-related accident, it is customary to call home and tell loved-ones that you are fine. My first reaction was to call my mother in Richmond, VA. It is the most bone-chilling call I have ever made. When the phone was answered, all I remember hearing from my mom was a SCREAM. There were no words. I could not communicate, so I had to hang up. I will never forget that sound as long as I live. We were not sure at that time if we were under attack from a foreign nation or not. Shortly thereafter, the Pentagon was struck. There was talk of THIRTY airliners hijacked and roaming the skies. All aircraft were ordered out of the sky for the first time ever in this nation's history.

We were stuck in Missouri. No flights in or out. I had to drive home after three days of waiting. I sadly had to leave my crew behind. I had to be with my family.

Initially, I was like everyone else. I was ready to go to war with the Muslim nations, and ready to sign up as a fighter pilot to defend my country. I was ready to kill. I would have killed. That has now all changed.

Several years ago, a very good friend of mine handed me a DVD. That single DVD changed my life.... Almost as much as the event itself had. The

DVD exposed 9-11 for what it was and for what it is to this day: an INSIDE JOB. September 11 2001 was an operation pulled off by the cabal in Washington DC and elsewhere to produce the world-ruling EMPIRE of the United States. An empire dedicated to the total conquest and control of the world's resources through military domination and control of the NEW WORLD ORDER. And this empire seeks one main goal: OIL. ALL of the oil on the planet. The PROOF is always in the PUDDING, as the saying goes. And this NOW is comprised of ZIONISTS who seek total control of this planet's wealth and resources, and they are well on their way to achieving those goals.

Many of these events have been previously detailed in certain documents, which lay out the plans and goals of the NOW. One such document is the "Project for the New American Century" which calls for a "New Pearl Harbor- like event" to occur as a catalyst to military power to be unleashed abroad. No doubt, the authors realized that the American people would NOT support military conquest without a legitimate reason. 9-11 was just such a reason. They had their catalyst. And 3,000 innocent Americans are now dead.

However, even the sinister forces that have perpetrated this evil act have no idea that overall that they are actually following along with the fulfillment of biblical prophecy. This author will not at this time elaborate on the details on biblical prophecy in this paper. Many studies on prophecy have been given on prophecy, and the reader is invited to view the series on prophecy on the True Bread website. Just understand this one vital point: these events are PROPHECY IN ACTION.

After the events, and prior to becoming aware of the ramifications of 9-11, I had visited "Ground Zero" and had believed all of the mass-media produced PROPOGANDA coming from this sinister government. I have been in and out of ALL of the airports involved hundreds of times over the course of my professional flight career. I have even flown very close to the Pentagon while flying into National Airport. Many had actually claimed that my very airline was involved in the transport of the "alleged" hijackers into Boston that morning. That rumor was false. So as one can deduce from this essay, 9-11 had, and still has, a very dramatic effect on the author.

Enough of the boring details. Now, I will attempt to list my points of why I know that 9-11 was an INSIDE JOB. Before we begin, please allow me to

make this statement: I am not undergoing this effort as an act of futility. Nor am I out to slander this great nation and land that I love very much.

Absolutely not. I am putting forth this effort to alert the reader of my personal beliefs and convictions from the point of view of an airline pilot, and as a citizen of the United States, to expose the SINISTER and EVIL acts of a very minute few in an evil cabal that is conspiring to take over this nation, and this entire planet. I will leave it to the reader to make his or her own personal validations of the information within this essay. Here now are my accumulated reasons of why I have decided to produce this document.

Note: I will not offer detailed evidence in this essay. ALL points here can be proven from outside references and documentaries.

The PROOF:

- military stand downs and exercises exactly duplicating a hijacking event
- no military fighter cover for the entire East Coast due to exercises
- no communication from EIGHT professional pilots about hijackings
- collapse of WTC 1,2 and 7 due to explosive charges clearly visible
- buildings fell at FREEFALL speeds (impossible from official story)
- WTC building 7 not hit, but collapsed perfectly from demolition
- Larry Silverstein, insurance claims, and “pull it” statement
- NO AIRCRAFT PARTS from any 9-11 aircraft identified
- Pentagon attack not caught on many different cameras
- Multiple explosions heard and reported at Pentagon
- NO evidence of a 757 flying over 500MPH hitting Pentagon
- Army officer in Pentagon when hit suing the Army claiming missile
- Impact sites on Pentagon do not accommodate size of a 757
- NO aircraft parts from Shanksville PA crash site (FAKE)
- Aircraft debris scattered over many miles in Shanksville
- Claims of AA 93 shot down over PA, debris field evidence
- Andrews AFB mere miles from DC, no interceptors launched
- Pentagon, WTC 7 housed sensitive financial records of Enron, etc
- Rumsfeld claimed \$2.3 TRILLION missing, office attacked next day
- Bush senior having breakfast with bin Laden’s brother morning of 911
- Bin Laden a KNOWN CIA asset, named Tim Osman
- Where are our troops? Where the OIL is
- PNAC foreshadowing a “New Pearl Harbor” hence 9-11
- Multiple references to 9-11 in cartoons, comics, and movies
- Keano Reeves in “The Matrix” passport: expires 09-11-01

- Other false flag attacks in history: USS Liberty, Operation Northwoods
- Barbara Olsen's mysterious fake calls to Ted Olsen, her husband
- NO records of passengers or schedules for 9-11 flights that day
- Muhammad Atta in Florida hours before attacks
- Demolition charges clearly evident in 9-11 live videos
- Countdown heard by multiple EMT, police of WTC collapse
- Live BBC broadcast of WTC 7 collapse PRIOR to it collapsing
- Multiple VIP's warned not to fly on 9-11 (Willie Brown, Rushdie)
- Faked video footage throughout "live" coverage of events
- Zbigniew Brzezinski predicting war over Euro-Asia: Grand Chessboard
- War with Iraq, and admissions of "No weapons of Mass Destruction"
- Condoleeza Rice lies over "no known information" of attack
- Impossible flight maneuvers by amateur pilots in airliners
- So-called hijackers overpowering Military pilots with flimsy box-cutters

This partial list could go on and on. This author feels like he has given the reader ample PROOFS on which to begin one's own personal investigation into the fraud called "9-11". The Helgalian dialect provides insight into this day, by stating that the powers that be can arrive at the desired results by manipulating the population through the process of:

- Problem (False flag terror attacks)
- Reaction (military power and invasions)
- Solution (political power and takeover, loss of liberties)

This is one of the oldest tricks in the book, and has been utilized by many despots throughout history. Any educated researcher is familiar with the phony "Reichstag Fire" created by Hitler to kick off his dictatorship. No, the events of 9-11 were designed, and pulled off by the sinister powers that be inside this and other ZIONISTIC governments from around the world to institute global domination and control, with the goal being eventual GLOBAL DICTATORSHIP, and that falls directly in line with BIBLICAL PROPHECY. We are living in the very age were we will see the final fulfillment of end-time prophecies being acted out right now on our evening news. The stage is being set for the appearance of the GLOBAL leader, the ANTICHRIST, and the appearance of the FALSE RELIGIOUS PROPHET with him, as found in Revelation 13.

I am hoping that by now the reader will have formed enough doubt in his or her mind to cause you to do your OWN RESEARCH into this vital matter of national security. Even today we are witnessing the rape, plunder, and pillaging of our nation's treasures through concocted and fake excuses to steal literally TRILLIONS of dollars of our wealth. Clearly, just one more diabolical step in the plans of the antichrist and his minions to destroy and control this planet.

I will conclude by appealing to the readers to continue their own personal research with the following links and resources:
